Dear Prospective Donor,

We need your support. The OAR Success Foundation; (Opportunity Achievement Responsibility Success) Foundation is a 501(c)(3) charitable organization focused on equipping African-American young men in the DFW Area with college and life preparedness skills.

Your fully tax-deductible contribution will help us continue propelling these students through our one-of-a-kind OARSmen Program. This program provides young men with the knowledge, resources and mentorship needed to succeed in this very competitive world. The OARSmen program is led by prominent local African American professionals in various career fields including but not limited to finance, law, medicine, and entrepreneurship.

Your gift matters. Partner with us to help create a diverse pipeline of young men prepared to make an impact in our society through their chosen careers. With everything happening in our society today, it's critical that we elevate and train our young men to be part of our nation's future success.

Please support us with your generous gift to the OAR Success Foundation.
